

COOPER SPECIALTY FEEDS

Goat Loco Creep

A complete texturized feed for starting goats

Key Features	Benefits
Steam flaked corn & barley	<ul style="list-style-type: none">Improves digestibility and reduces fines
Roasted soybeans	<ul style="list-style-type: none">Excellent source of bypass protein and fat
Multiple degradable and bypass protein sources	<ul style="list-style-type: none">Helps support rumen fermentation, muscle growth and expression
Yeast Culture	<ul style="list-style-type: none">Supports the immune system and rumen fermentation
Ammonium Chloride	<ul style="list-style-type: none">To help prevent urinary calculi
Trace Mineral Amino Acid Complexes	<ul style="list-style-type: none">Increases bioavailability for improved overall health, hoof and hair coat quality
Rumensin® (monensin)	<ul style="list-style-type: none">For the prevention of coccidiosis

Guaranteed Analysis	
Active Drug Ingredient	
Monensin	20 grams/ton
Crude Protein, min	18.0%
NPN, max	1.5%
Crude Fat, min	6.0%
Crude Fiber, max	7.0%
Calcium, min	0.6%
Calcium, max	1.1%
Phosphorus, min	0.40%
Copper, min	5.0 ppm
Copper, max	10.0 ppm
Selenium, min	0.30 ppm
Vitamin A, min	4000 IU/lb

Feeding Instructions

- Feed continuously as sole ration to goats. Provide a constant supply of clean water along with a small quantity of long-stemmed hay.
- CAUTION: Do not allow horses or other equines access to feed containing Monensin. Ingestion of Monensin by horses has been fatal. Monensin medicated goat feeds are safe for use in goats only. Consumption by unapproved species may result in toxic reactions. Do not feed to lactating goats.
